

PHILOSOPHY

Program Purpose: Students who complete Philosophy courses will apply major philosophical concepts to the complexities of the 21st century. Understanding philosophy will allow students to positively engage and contribute to society as informed citizens, and will allow a deeper understanding of what it means to be human.

The study of philosophy invites students to carefully analyze and thoughtfully respond to the fundamental ideas and basic concerns present in the human experience. The goal is to examine ourselves, our culture, and our world and the persisting questions regarding human thought and action. Instruction in philosophy teaches, not what to think, but how to think. The program also develops skills in analytical and critical thinking and writing that are excellent preparation for professional and other careers.

NOTE: Some courses may have credit limitations. Refer to the **Credit Limitations** area and the UC Transfer Course Agreement (<http://catalog.vcccd.edu/moorpark/transfer-information/transfer-uc/#uctcatext>) page for details.
