Associate Degrees in Specific Majors

Associate in Arts (A.A.) or Associate in Science (A.S.) Degrees in Specific Majors Requirements

1. Choose a major from the Oxnard College AA or AS degree lists below and complete the courses required for that major (a minimum of 18 semester units of degree-applicable college credit coursework). Courses for the major must be completed with a grade of "C" or better, or a "P" if the course is taken on a "pass-no pass" basis (Title 5 § 55063 (<https://govt.westlaw.com/calregs/Document/IOA0D2703ECD14733B411676D23F9752F/>)). Even though a "P" is allowed, it is recommended that students complete all major coursework for a letter grade ("A," "B," or "C").

Note: Universities have limitations on the number of units that may be taken on a "pass-no pass" basis and therefore it is strongly recommended that students take all major coursework for a letter grade. Most universities also have limitations on the number of general education units that may be completed on a "pass/no pass" basis.

5. Achieve a cumulative grade point average (GPA) of 2.0 or better in degree-applicable college credit coursework.
6. Complete a minimum of 12 semester units in residence at the college granting the degree. Exceptions to the residency requirement can be made by the VCCCD Board of Trustees when an injustice or undue hardship would result.
7. Apply for the Associate Degree in the Counseling Office by the published deadline dates. All of your official transcripts and test

scores (such as AP, IB, or CLEP) must be on file with the Admissions and Records office.
