

MUSIC, ASSOCIATE IN ARTS FOR TRANSFER

The Associate in Arts in Music for Transfer Degree (AA-T in Music) is intended for students who plan to transfer and complete a Bachelor's degree in General Music or a similar major at a CSU campus. Each CSU campus determines which of the degrees it offers are similar and can be completed with the preparation included in the AA-T in Music within 60 units once a student transfers, so which majors are similar varies from CSU to CSU. For a current list of what majors (and what options or areas of emphasis within that major) have been designated as similar to this degree at each CSU campus, please refer to the CSU's Associate Degree for Transfer Major and Campus Search (<https://www.calstate.edu/apply/transfer/Pages/associate-degree-for-transfer-major-and-campus-search.aspx>) website and seek guidance from an Oxnard College counselor. Students completing this degree are guaranteed admission to the CSU system, but not to a particular campus or major.

To earn the AA-T in Music, students must:

- Complete 60 semester units that are eligible for transfer to the California State University, including both of the following:
 - California General Education Transfer Curriculum (Cal-GETC) requirements.
 - The coursework required for the AA-T in Music as listed in the Oxnard College catalog.
- Obtain a minimum grade point average (GPA) of at least 2.0 in all CSU-transferable coursework. While a minimum of 2.0 is required for admission, some transfer institutions and majors may require a higher GPA. Please consult with a counselor for more information.
- Obtain a grade of "C" or better or "P" in all courses required in the major. Even though a "pass-no-pass" is allowed, it is highly recommended that students complete their major courses with a letter grade (A, B, or C).
- Complete a minimum of 12 semester units in residence within the Ventura County Community College District.

Students transferring to a CSU campus that does accept the AA-T in Music will be required to complete no more than 60 units after transfer to earn a bachelor's degree (unless the major is a designated "high-unit" major at a particular campus). This degree may not be the best option for students intending to transfer to a particular CSU campus or to a university or college that is not part of the CSU system. Students should consult with a counselor to obtain more information on university admission and transfer requirements.
