To complete the Associate Degree, students must meet requirements in the major, general education, competency, units, scholarship, and residency. Refer to Earn an Associate Degree and the A.A. or A.S. Degree in Specific Majors sections of this catalog.

Upon successful completion of this program, students will be able to:

- Demonstrate familiarity with major theories in sociology and exercise the sociological imagination to the study of social life.
- Demonstrate an understanding of cross-cultural differences and an understanding of the importance of a structural context in analyzing social issues.
- Demonstrate and understand a variety of explanations of human behavior in groups and account for differences in terms of the influences between society, culture and the environment, and among particular groups within.
- Demonstrate competence in defining, critically assessing, and using sociological concepts and their application to a social structural context.
