| CD V65 | Administration of Early Childhood Education Programs | |
| Total Units | | 27 |

Successful completion of specific Child Development courses fulfills the Early Childhood (ECE) requirements for the California Department of Social Services, Title 22 regulations, to work in licensed childcare settings. In addition, successful completion of specific Child Development courses fulfills the education requirements for a Child Development permit. Permits are offered by the California Commission on Teacher Credentialing at the following levels: Assistant, Associate Teacher, Teacher, Master Teacher, Site Supervisor, and Program Director. Additional general education units are required in English/Language Arts; Math or Science: Social Studies; Humanities and/or Fine Arts for Teacher, Master Teacher, and Site Supervisor permits and specializations. See the Child Development faculty for further information about Title 22 requirements or the Child Development permits.

Upon successful completion of this program, students will be able to:

- Apply general knowledge of development in the physical, cognitive, and psychosocial domains from conception through early childhood, including knowledge about typical and atypical development.
- Demonstrate awareness of and skills in intentional teaching consistent with developmentally appropriate practices.
- Demonstrate principles of curriculum planning and environmental design that are consistent with current best practices and components of the California Early Learning system for Infants, Toddlers and Preschool.
- Demonstrate and apply professional and ethical standards of behavior in the college classroom or workplace with children, families, colleagues, and coworkers.
